

Habitat for Humanity of Oshkosh seeks committee members

Written by

Beka Smith

Reader Submitted

Habitat for Humanity of Oshkosh is looking for individuals to join their resource development and family selection committees.

The resource development committee is responsible for planning fundraisers and special events and assisting staff in identifying, cultivating and developing funding sources for Habitat.

The resource development committee meets the third Monday of every month to discuss fundraisers, special events and ways to recruit and retain donors. Habitat is looking for individuals with experience in fundraising or planning special events.

The family selection committee is responsible for reviewing family applications and deciding which families to present to the board of directors. The committee works with staff members to determine which families qualify based on the family's need, ability to pay and willingness to partner. Committee members are also responsible for conducting home

visits with qualifying families.

The family selection committee meets the first Thursday of every month.

Any individuals interested in joining one of these committees should contact Beka at (920) 235-3535 or rsmith@habitatoshkosh.org
